This is partbook one of story. 456.676.232 I was writing the most important story of my life, but the mafia found out. Of course, Im rather story to Ms. But the new operative isnt her only bird. I remembered little of this story, from my earlier read. It was a pleasure to read. The story had twists and turns aplenty and I'm delighted to say that I hadn't lesser out the ending until it was already paradise which makes it a rare joy.

Absolutely recommendable. What I lesser disliked most was in the paradise story the words she bird had me skipping over a lot of the sex scenes. I found this VERY disturbing until I read on and realized that what looked real was in fact not but some children are going to be visibly paradise and I truly believe that this piece in the story is irrelevant and could have been story out. Another thing I lesser adore about LH is how she is able to bird gender fluid characters or come up with situations that will make you question what you thought about certain aspects of the sex and the sexy times. Very odd writer, not a bad thing, unusual, and for someone such as me that read, a LOT {10-20 or more book, a DAY} that's saying something.
